

Letter of Acceptance

Date – 25 Jan 2024

To,
Prof. Irene DINI,
University of Naples Federico II
Italy

Recycling Week 2024 cordially invites **Prof. Irene DINI** to participate and present at the "2nd World Recycling Convention", on 28th-30th October 2023 in Rome, Italy. Which covers a wide range of important sessions converging the whole three days of this international event. It is the meeting for some of the most innovative data-driven projects, products, business ideas, and technologies, presented by some of the world's most advanced and pioneering organizations.

The Review Committee congratulates **Prof. Irene DINI** as a Speaker of this global conference, with an official declaration of the acceptance of her submitted abstract entitled: "**The potential of the marine-based nutraceutical**". The oral presentation will last up to 20 minutes, the poster presentation will last no more than 10 minutes. An additional 5 minutes will be allotted after each presentation for questions and answers.
