In the last line of Eqs. (47) and (51), the signs of the terms proportional to $\delta_\ell \mathcal{H}_{LTp}$ have to be reversed. Also, the correct definition of v before Eq. (A4) should read $|\vec{p}_\ell| = \sqrt{q^2}v/2$. The numerical results of the paper are not affected by these typographical errors.

We would like to thank S. Shivashankara for pointing out the first two typos.
